USED CLOTHING APPEAL 2016

Stewart House School, located at South Curl Curl, is a facility which every year, provides short-term respite care to thousands of NSW school children in need. Although partly funded by DEC and NSW Health, many costs associated with running this facility must be met from monies raised by charitable initiatives such as the annual used clothing appeals.

Plastic clothing collection bags have been distributed to all students today. This is a great opportunity to make some extra space in wardrobes and drawers while at the same time supporting a wonderful cause. Please send any unwanted items to school in the bag provided.

Please return bags to school no later than **Monday 14 March**.
